

Acknowledgements

The development of the *Interactive Guide to Behaviour Management for Trainee and Newly Qualified Teachers* would not have been possible without the support and guidance of colleagues, past and present.

Working closely with experienced teachers in Primary, Middle, Secondary and Special schools has helped to shape and refine my educational philosophy and inspire my 'inclusive' behaviour management style.

Special thanks goes to the teaching staff and Teaching Assistants at Meadows First School, Bromsgrove, who supported the introduction of the unique and 'inclusive' Behaviour Recovery programme into their classes and, more importantly, into the wider context of their school.

Without this support, many of the behaviour management skills and strategies advocated in the Cd rom, would not have been tested out and consolidated in the classroom environment.

Acknowledgements
